CHR: centre hospitalier régional; CS: centre de santé; DS: district sanitaire; EPS: établissement public de santé; HALD: Hôpital Aristide Le Dantec; LEEP: loop electrosurgical excision; VIA: visual inspection with acetic acid; DNA HPV: human papillomavirus deoxyribonucleic acid.

Note: sampling also included 19 health posts (2-3 per region) performing VIA screening; only health facilities where screening and treatment procedures were performed during our study were considered.
