Annex 1: data collection proforma							
Variable							
History							
Gender						M	F
Age (years)							
Hair loss Yes No						Yes	No
Duration of hair loss							
Family history of hair loss..						Yes	No
Did hair loss start before or after SLE diagnosis						Before	After
Are you still losing hair							
Any regrowth following treatment							
Any regrowth following treatment							
How long have you been on treatment?							
Clinical evaluation							
Normal hair						Yes	No
Hair loss						Yes	No
Pattern of hair loss						Yes	No
Hair shaft changes							
Decreased follicular unit number (one hair in >20% of the follicles/visual field)						Yes	No
Thin hair (decreased diameter in >20% of the follicles/visual field)						Yes	No
Hypopigmented hair						Yes	No
Hair loss type							
Patch <4 patches						Yes	No
Mild diffuse (widening of central area)						Yes	No
Severe diffuse (>50% of scalp)						Yes	No
Skin							
Acute LE						Yes	No
Subacute LE						Yes	No
Chronic LE						Yes	No
Lichenoid LE						Yes	No
Mucosal LE (oral, nasal, conjunctival, genital)						Yes	No
Chilblain LE						Yes	No

Skin examination

Malar rash	Ulcers	Blisters	Discoid lesions	Calcinosis cutis	Oral ulcers	Fingertip erythema
Vasculitic rash	Scaly patches/papules	Scarring Alopecia	Photosensitivity	Lupus profundus	Microthrombi	
Nailfold telangiectasias	Raynaud's phenomenon	Edema of the periungual skin	Sausage shaped fingers			

Trichoscopy findings:

Arborizing red loops

Prominent (same diameter as terminal hair)	Yes	No
Thin (<diameter of hair)	Yes	No
Thick (>diameter of hair)	Yes	No
Scalp pigmentary changes		

Normal/no hair loss area						**Hair loss area**				
Area	**Frontal**	**Rt temporal**	**Lt temporal**	**Vertex**	**Occipital**	**Frontal**	**Rt temporal**	**Lt temporal**	**Vertex**	**Occipital**

Black dots									
White dots									
Yellow dots									
Large yellow dots (areas with absent follicles and scale									
Brown scattered pigments									
Brown perpilar sign									
Follicular red dots									
Blue-grey pigmentation									
Peripilar cast									
Short re-growing hair			Yes		No				
Preserved honeycomb pigmentation			Yes		No
